

## Blair Atholl Risk Assessment 2024

Name of activity, event, and location	Castle Tour, Blair Atholl Jamboree 2024	Date of risk assessment	20/06/2024	Name of person doing this risk assessment	Lisa Cowan
		Date of next review			

What could go wrong? What hazard have you identified? What are the risks from it?	Who is at risk?	What are you going to do about it? How are the risks already controlled? What extra controls are needed? How will they be communicated to young people and adults and remain inclusive to all needs?	Review & revise What has changed that needs to be thought about and controlled?
<b>A hazard</b> is something that may cause harm or damage. <b>The risk</b> is the harm that may occur from the hazard.	For example: young people, adult volunteers, visitors	<b>Controls</b> are ways of making the activity safer by removing or reducing the risk. For example, you may use a different piece of equipment or you might change the way you do the activity.	Keep <b>checking</b> throughout the activity in case you need to change what you're doing or even <b>stop</b> the activity. This is a great place to add comments which will be used as part of the review.
Injury from Traffic on Driveway	Explorers and Leaders	All to be aware of traffic and other road users. Recognition that not all young people are used to traffic driving on the left Promote use of safe crossing points	
Slips, trips & falls	Explorers and Leaders	Ensure all know to be aware of uneven surfaces, stairs and those likely to be slippery because of wet weather	
Damage to historic building or objects	Explorers and Leaders	Ensure all leaders and participants are aware of history and value of the site. Give warning before beginning of tour to exercise care	

Don't forget, as part of your programme planning, you should have contingency activities in reserve just in case you can't do what was planned or you need to stop half way through. Make sure this is shared with those involved, so everyone knows how to respond. You should have risk assessed contingency activities prior to them taking place and communicated key information to those involved as with all activities.

You can find more information in the Safety checklist for leaders and at [scouts.org.uk/safety](https://scouts.org.uk/safety)
