Blair Atholl Scout Jamboree

Risk Assessment

The Hazard	Location of the Hazard	Who could be harmed?	Level of risk	Controls	Implementation/Monitoring
Injury from slip, trip or fall	Whilst walking on grass/paths	Scouts Staff	LOW	Ensure Scouts wear boots or trainers – no flip flops or sandals.	Staff
Injury/Death from being hit by vehicle	On driveway	Scouts Staff	LOW	Cars observing existing 5mph speed limit on drive. Scouts sticking to the path at the side of the driveway. Consideration when placing Geocaching waypoints.	Staff Scouts
Scouts becoming lost/disorientated in estate	Atholl Estate	Scouts	LOW	Ensuring Scouts know which waypoint on GPS is where the staff are. Ensuring Scouts know boundaries. Issue scouts with map of estate. Ensure overseas Scouts are always paired with Scottish Scouts. Staff to sweep activity area in the event a team do not check in at the appropriate time.	Staff Scouts
Interaction with Public	Atholl Estate	Scouts	LOW	Scouts to be reminded to be polite and courteous to members of the public they interact with and not to give specific information about themselves or the camp. Members of the public can be directed to the camp reception for more information on the camp	Staff Scouts
